FAQ

What if I don't have an exact guest count?

All we need is an estimate! Two weeks prior to the event we will ask for exact guest totals.

How do I know how many of each cookie option to order?

You tell us the flavors, and based off popularity data, we bring the correct ratio of cookie flavors. We also always bring 15% extra! Whatever we don't use, will be boxed up for you.

Do you have insurance?

Of Course! We know many venue's need an endorsement on our policy. No issue at all!

Are there any limitations of where we can put the cart?

We only need about 6 feet by 4 feet of space. The only restriction is stairs. We cannot take the cart up stairs. We also ask that the venue has a loading zone close to the service area.

Can you cater outside of Orange County?

YES! We do charge a delivery fee of \$1/mile for anything outside of Orange County
